

Personal Concierge to Book Services

Our Househappy Concierge team provides a 'high touch' option for homeowners - taking the legwork and stress out of researching, booking, and managing home services.

In Home & Virtual Data Collection

Optionally, our Househappy Concierge will visit the home to gather approximately 300 data points from gutter length to appliance model numbers and everything in between.

Home Dashboard to Stay Organized

Househappy Dashboard allows the homeowner to digitally access all the home's details, track records and documents, request services, track and build equity.

Exclusive Deals on Repairs & Maintenance

We work with our national and regional brand partners to create and provide exclusive deals for Househappy Homeowners — sent directly to their inboxes each month.

Seasonal Service Reminders

Seasonal, personalized service reminder emails and push notifications simplify homeownership and help protect the home's equity.

Househappy Service Network

Househappy matches homeowners with the very best vetted, licensed, and insured service pro partners at the right time and right price — versus selling leads.
